APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the place of use of the waters of an underground source as heretofore granted under Permit

22273 is issued subject to the terms and conditions imposed in said

Permit 22273 and with the understanding that no other rights on the

source will be affected by the change proposed herein. The well

shall be equipped with a 2-inch opening and a weir or other type of

measuring device at or near the well to facilitate the measurement

and control of the water. If well is flowing, a valve must be

installed and maintained to prevent waste. The State reserves the

right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed 5.4 cubic feet per second, but not to exceed a

yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before February 6, 1969

Proof of commencement of work shall be filed before March 6, 1969

Work must be prosecuted with reasonable diligence and be completed on or before February 6, 1969

Proof of completion of work shall be filed before March 6, 1969

Application of water to beneficial use shall be made on or before February 6, 1971

Proof of the application of water to beneficial use shall be filed on or before March 6, 1971
